FOUNDING MOTHERS MOVEMENT

Women's Congress
Delegate Application and Pledge

I. INTRODUCTION

Founding Mothers Movement (**FMM**) is a women-led movement to transition humanity from Patriarchy to Partnership. Our goal is to shift the paradigm by empowering Women and ending War. And we're building a global coalition that is powerful enough to demand this revolutionary change!

The Oracle Institute is the 501(c)(3) educational charity that drafted the initial FMM White Paper. Oracle is a progressive think tank that has been analyzing humanity's trajectory for over two decades. From its headquarters at the Peace Pentagon, Oracle studies the nexus between religion, politics, human rights, and conscious evolution (including AI). Our conclusion: A people-powered movement focused on **Women and War / Partnership and Peace** is our only hope for a benevolent timeline.

The women who birthed FMM are Evolutionary Leaders, global Women's Rights leaders, and Peace activists. We have no delusions about the difficulty of the FMM mission. In fact, we are aware that a movement of this magnitude has never been attempted in human history or herstory!

II. DELEGATE SECURITY & VETTING PROCESS

We are taking security VERY seriously. There seems little doubt that ominous, patriarchal forces – MAGA maniacs, QAnon crazies, religious zealots, oligarchs, and the Military Industrial Complex – will attempt to shut down FMM once it goes viral. Additionally, we expect infiltrators, spies, and (sadly) traitors who will attempt to undermine our mission.

We therefore have developed a vetting process to ensure applicant authenticity and suitability, and to minimize the risk of harm to members of the FMM Women's Congress. We feel due-diligence is warranted for the sanctity of FMM and your safety. Also, we take your data privacy seriously, and we pledge to safeguard it. Your data will be accessed only by authorized personnel of FMM.

After you submit your Delegate Application, it will be vetted by the Peace Pentagon, which will serve as a HUB for FMM in the United States and as the initial **Peace Room** to map, track, and monitor this global movement. We anticipate that every country will need a Peace Room.

III. DELEGATE QUALIFICATIONS

The Women's Congress will be comprised of **female leaders** from around the world. At this time, we are limiting Delegates to these four focus areas:

1. Women's Rights + Child protection groups
2. Peace + Democracy organizations
3. Spiritual + Religious communities
4. Environmental groups + Indigenous Peoples

If you are a woman in a top leadership position in one of our four Partner groups, and if your group has 25+ members, then you are qualified to be a **Voting Delegate** in the FMM Women's Congress. If you do not represent a group, it is still possible to participate in the Women's Congress as a volunteer **Non-Voting Member** (details below).

IV. DELEGATE APPLICATION

Being a Delegate in the Women's Congress provides an unprecedented opportunity to be part of the team that will guide FMM – a wisdom council with the power to save our precious planet.

STEP 1: Enroll your organization as a **Partner** of the FMM at:
www.FoundingMothers.world/partner-registration

STEP 2: Apply to be a **Delegate** in the FMM Women's Congress at:
www.FoundingMothers.world/congress-registration

By completing the Delegate Application Form, you attest to the following:

1. Your group or organization is one of our designated Partner types.
2. You are in a top leadership position in your group or organization and have the authority to apply as a FMM Partner on its behalf.
3. The information you provide is true, accurate, and complete to the best of your knowledge. You understand that false statements, omissions, or misrepresentations may result in the denial of your Partner and Delegate application, and the removal of your group as a FMM Partner and you as a Delegate to the Women's Congress.
4. You agree to be vetted by authorized FMM personnel and give permission for them to contact any references you provide.
5. You affirm that you are applying for a volunteer Delegate role in the FMM Women's Congress. Unless an employment agreement is signed by you and The Oracle Institute, you will have no expectation of and will make no claim for any compensation for your service.
6. You assume all risks of participating in FMM, and you acknowledge that there are inherent dangers in advancing a global movement focused on social and institutional change.

V. WOMEN'S CONGRESS PLEDGE

As a Delegate or other member of the FMM Women's Congress, I pledge to:

- ✓ **Support the Mission of the Founding Mothers Movement:**
  - ❖ **Shift the paradigm:** from Patriarchy to Partnership.
  - ❖ **Achieve two goals:** gender equity and global peace.
- ✓ **Uphold the Founding Mothers Core Principles:**
  - ❖ **Values:** Democracy * Peace * Nonviolence * Gender Equity * Unity in Diversity * Justice
  - ❖ **Virtues:** Courage * Creativity * Wisdom * Discernment * Compassion
- ✓ **Promote the Founding Mothers Manifesto, which will include a tri-part Matriot Act:**

1. **Declaration of Partnership & Peace (DPP)**: A preamble similar to:
   - **Four Cornerstones of Partnership Systems**, a template for Partnerism.
   - **Project Enduring Peace**, which shows the nexus between war and women's rights.
   - **Unitive Narrative**, a "New Story" of our common heritage and shared destiny.
2. **World Constitution for Women (WCW)**: A legal/legislative document to be passed by every nation. The WCW should be adopted as a constitutional amendment to:
   - Provide universal rights for all women and ban "gender apartheid."
   - Legalize abortion through the (TBD by Women's Congress) week of pregnancy, and affirm a fetus has no personhood rights until then.
   - Criminalize family violence, human trafficking, genital mutilation, and child marriage.
   - Provide free healthcare to woman and infants, including: free birth control, free birth and delivery care for mothers, and free baby healthcare and daycare until age (TBD).
   - Codify LGBTQ rights, including legal marriage.

3. **World Peace Plan (WPP):** A legal/legislative document to be passed by every nation. The WPP should be adopted as an international treaty that provides:
    - Nations submit to mandatory jurisdiction of the International Court of Justice (ICJ) to settle all transnational disputes, including conflicts pertaining to natural resources.
    - Nations submit to mandatory appellate jurisdiction of the ICJ to settle violations of the World Constitution for Women.
    - Multinational corporations submit to mandatory jurisdiction of ICJ to settle disputes pertaining to the protection of natural resources and the rights of Indigenous Peoples.
    - The Military Industrial Complex must be transitioned to a peacekeeping force that maintains international order and provides humanitarian relief.
    - Nations must scale back their military, dismantle all weapons of mass destruction, and cease all weapons manufacture that is unrelated to peacekeeping.
    - Treaty enforcement provisions, including criminal prosecution for violating the WPP.

- ✓ **Participate in FMM Campaigns:** By promoting the FMM direct action events with your organizational members and on your social media.
- ✓ **Model the FMM Motto:** To protect TRUTH, spread LOVE, and follow the LIGHT!

VI. PEACE ROOM QUALIFICATIONS

The 11 women in the Peace Room will function as Co-Executive Directors of the FMM, and they will be responsible for the strategic trajectory of the movement. The Peace Room Matriarch, who represents Justice and Governance, will have no more authority than the other 10 women. The Peace Room will be responsible for facilitating the Women's Congress, preparing Agendas, and ensuring that official decisions and actions of the Congress are properly recorded for posterity.

We purposely have NOT drafted By-Laws for the Peace Room, deferring instead to the 11 women to establish their own internal policies. There are many issues to discuss. Should the Peace Room approve ALL the decisions of the other circles? Does the Peace Room have veto power? In the case of a Peace Room objection to another circle decision and where Consent evades the Women's Congress, we suggest that the matter return to the Delegates for a majority vote.

Here are some more issues to consider: In an urgent situation – during a dangerous direct action or perhaps during tense negotiations of the World Constitution for Women or World Peace Plan – can the Peace Room call an emergency session and act on its own accord? And for security reasons, should Peace Room deliberations be private and not open to the Delegates?

Remember: What we're attempting has never been done before – **the MOTHER of all movements**. Consequently, the women in the Peace Room need to be highly evolved, exceedingly accomplished, trustworthy, stable, and fearless. They must be proven leaders with geopolitical awareness, including working knowledge of the **920-page Project 2025 Mandate** crafted by the Alt-Right. Each woman should be an expert in her field and have academic or activist experience in social change campaigns.

In addition, we suggest that women nominated for the Peace Room commit to a two-year term. They also must be willing to step down if we attract women to the movement with greater expertise over time. Obviously, the women in the first Peace Room will be early adopters of FMM. Therefore, they need to offer their seat to a woman who joins the movement later, if she is more strategic and better networked. Similarly, cultural and age diversity in the Peace Room should be a primary goal. If the Peace Room is overweighted in white women from the United States and Europe, that would be another reason to gracefully step down and offer chairs to women from other parts of the world.

It may be prudent to construct an application for women who wish to serve in the Peace Room. Below are our suggested questions for such an application:

1. List five books, articles, or other resources you have read that have taught you about the strategy and tactics of nonviolent social change movements.
2. List books, articles, blogs, or videotaped presentations you have produced that illustrate your approach to and knowledge of the strategy and tactics of nonviolent movements.
3. Describe work you have done in guiding or being a member of the steward structure for a social change movement.
4. Write a one-page paper explaining why you are qualified to be a member of the FMM Peace Room and what your first steps would be to move FMM forward.

Lastly, we suggest that women nominated for the Peace Room be well-read on the topic of nonviolent movement building and the challenge of managing large campaigns. More to the point, the Peace Room needs to know why nearly all nonviolent actions in the 21st Century have FAILED. We have compiled a reading list of the latest research on social change alchemy. The list starts with **Spiral Dynamics** reading and training – a MUST for anyone in the Peace Room who cares about keeping FMM as inclusive yet hyper-focused as possible.

VII. OPERATIONAL CIRCLE QUALIFICATIONS

For the 5 Operational Circles – (i) FMM Manifesto, (ii) FMM Campaigns, (iii) Tech, (iv) Media, and (v) Partner circle – a willingness to share expertise plus a quick vetting should suffice. Here, we might accept male volunteers and those who are not in a Partner group and therefore are not qualified to be a Delegate. In such a case, the person would be a **Non-Voting** member of FMM.

VIII. GEOGRAPHIC CIRCLE QUALIFICATIONS

Conversely, we feel it is critical that all volunteers who serve in one of the 10 Geographic circles be a congressional Delegate. Watching the reality on the ground as FMM campaigns commence and unfold is a BIG responsibility. We need to have complete confidence in the national, regional, and local women who map, track, and communicate direct action events. Lives may well depend on them! Consequently, they need to be vetted Delegates who we know, trust, and respect.
